## 44 Boys Report for Football Training Camp

The Hamlin High School coaching staff, headed by D. C. Andrews, reported to the Hamlin Lions Club Tuesday at their noon luncheon on the Pied Piper team's personnel and prospects for the coming football season.

The team started workouts Monday with the opening of fall camp and are holding twice a day sessions from now until the opening of school.

While Andrews reported that the coaches in the district rated Hamlin at the bottom this year he felt that with size of the material out his squad would not be a pushover for any of the teams on the schedule. He stated that the team would be somewhat larger than the squad last year which was one of the smallest teams Hamlin has had in a number of years.

Including freshmen, the Pipers have 44 boys out for fall camp and the coaches expect a few more by the time school starts. Andrews said that they have only 10 boys out from the freshman class which is the lowest since he has been in Hamlin.

The music will be under the direction of Dannis Cooper of Waynesville, Missouri, freshman music major at Hardin-Simmons University and member of the Cowboy Band.

Rev. Peeples came to McCaulley for his first services August 11. He came from Waynesville, Missouri, where he served with the State Mission Board working with Army personnel at Fort Leonard Wood, Missouri.

A graduate of Hardin-Simmons University in 1959, he attended Southwestern Baptist Theological Seminary in Fort Worth for one year. He plans to resume studies there this fall and will commute from McCaulley.

His wife, the former Barbara Rankins of Boonesville, Arkansas, will teach in the Rotan grade school.

the other positions and see lots of action will be: Charles Prewitt, 195-pounder; George Bonds, 185-pounder; Pat Batchelor, 185-pounder, and Butch Holland, 180-pounder who is working out at center.

In seeking height and strength at the end positions, the coaches are working Mike Shivers, 170 pounder; Jeff Willis, 180-pounder; Jayland Fin-cannon; and James Ledbetter, 180-pounder; at these positions.

In the back field the biggest doubt as to starter is at quarterback where the team has a senior, junior and sophomore working out. The senior quarterback is Ronnie Sipe who weighs 160-pounds; the junior is Johnny Overman and the sophomore is Tommy Ferguson who is a six-footer and weighs 150 pounds. The coaches like Ferguson's height but would like to have an older boy at the position.

In other backfield positions the team has senior returning starter Larry Butler at right halfback who weighs 165 pounds. The other senior backfield candidate is Cleon Warner who weighs 160 pounds. Junior backs are returning starter Robert Pearce at left halfback; Rupert Compton and Allan Cumble.

The team will have only one scrimmage game this year under the new rules and this game will be either August 29 or 30. The game will be with Colorado City but it is not known yet whether it will be here or there.

# Years Ago ...

## FIVE YEARS AGO:

Forty years of service in the banks of Hamlin was celebrated Monday by Lennie Greenway, vice president and cashier of the Farmers & Merchants National Bank, Spry and active, she began work August 4, 1918, at the Old First National Bank, later purchased by the F. & M. She was honored at a party by bank associates.

Additions to the elevator plant of Fred B. Moore & Son in East Hamlin that will add 550,000 bushels to the present 9,000 bushel capacity were making fast headway this week as a big crew of men and machinery were pouring concrete around the clock.

L. H. McBride, Hamlin mayor, businessman and farm operator has been selected to succeed the late Joe L. Culbertson as a member of the board of directors of the National Farm Loan Association of Haskell.

## TEN YEARS AGO:

About 300 feet of old gas main lines in the alley just west of South Central Avenue in the business section were replaced this week by a crew under direction of Jake Lawson, local Lone Star Gas Company manager. The line was originally installed in 1929.

Scattered rains in the area first of the week that measured from one-quarter to one-half inch will be of some benefit to crops. An estimated 200 to 300 acres of cotton in the Fairview and Dovie communities were ruined by accom-

panying hail.

## FIFTEEN YEARS AGO:

Hamlin schools are scheduled to start September 6, according to Superintendent I. R. Hutchinson.

Assurance that money for the Neinda-to-Boyd's Chapel farm-to-market road will soon be available was given this week by J. S. Treadway, district highway engineer at Abilene.

Hamlin's teen-age softball team, the Mighty M's, left Tuesday morning for Houston, where they will participate in a state softball tournament.

Approaching marriage of Phyllis Jo Richardson to Larry McCoy was announced at a tea Friday afternoon in the Thomas Ferguson Home.

W. L. Cash, long time railroad man on Santa Fe, has retired from active duty. He has lived in Christoval since 1950, but now he has returned to Hamlin to make his home.

Mr. and Mrs. Ernest Davis are on their vacation in New Mexico.

Florine Morgan has returned home from a six-week visit at Fort Worth. She was accompanied by Jean Comer of Haskell, who was her guest for several days.

Mr. and Mrs. Coy Fielder and little daughter Phyllis Ann, spent last week visiting at Lamesa and Lubbock while Coy was on his vacation from Farmers & Merchants National Bank.

Mr. and Mrs. Frank Waggoner and son, Jerry, are vaca-

tioning at Corpus Christi this week.

Little Mary Nell Cooper, daughter of Mr. and Mrs. Bill Cooper of the Cooper Ranch, is at home again after spending two months with her aunt, Mrs. George P. Droke in San Antonio.

## FORTY YEARS AGO:

Dr. L. P. McCrary writes from Bremond, Texas that he will be at home and in his office, Saturday, August 11. He has been on the road for several weeks in the interest of Central Nazarene College.

Once again the Hamlin business men or a part of them spent another pleasant hour in company with a few of the good farmers of the Hamlin country last Tuesday. The lunch was at the Morgan Hotel and the entire affair was very enjoyable. There were about sixty plates used.

Miss Fay Dean of Hamlin spent Saturday and Sunday with Miss Gladys Fannin, at Pastura.

## Federal Gas Tax Refunds Due in Before Sept. 30

Farmers and Ranchmen are reminded that claims for the Federal Gas Tax refund must be submitted before September 30, says Kirby Clayton, Jones County Agricultural Agent.

This refund is on the four cents per gallon excise tax on gasoline and diesel fuel used by operators on their farms during the period July 1, 1962 to June 30, 1963, says Clayton. He explains that this refund has no connection with the claim for refunds sent to the State Comptroller's office. The gasoline used on an operator's farm by custom contractors is also eligible for the refund, points out Clayton, but fuel used in highway travel is not.

The special postcard form, 2240, is the proper one to use to submit fuel claims, says Clayton, and they have been mailed to operators who reported in 1962. New farmers and those who have not received the Form 2240, may obtain them from the office of the county agent or the area offices of Internal revenue service.

Clayton reminds that claims are subject to audit, just as other reports submitted to the Internal Revenue Service, and records should be kept to support refund claims. The agent emphasizes that the deadline for reporting claims is September 30.

The first subway opened in Boston in 1897.

# for the Days AHEAD

Even now trees are being felled, cords of wood cut, in preparation for cold winter days which are sure to come. Woodcutters are preparing for the days ahead, to bring comfort against the cold.

To prepare for our future "cold days," periods of sadness, times of bereavement, and times when we are tempest tossed, begin now to attend church regularly and let God, His Church, and His people help you to meet any situation in life.

*"Blessed be God, even the Father of our Lord Jesus Christ, the father of mercies, and the God of all comfort; who comforteth us in all our tribulation, that we may be able to comfort them which are in any trouble, by the comfort wherewith we ourselves are comforted of God." 2 Cor. 1:3, 4.*

## SAFETY DIRECTOR ANNOUNCES 31 TO DIE OVER LABOR DAY

**AUSTIN** — The director of the Texas Department of Public Safety announced today an estimated 31 persons will be killed in traffic crashes in Texas as over the three-day Labor Day weekend, and called for "an all-out effort to prove the statistics are wrong."

Col. Homer Garrison Jr. pointed out that the estimate by the DPS Statistical Service is based on past experience, but added:

"There is always a chance that it can be proved too high if motorists will put forth a concerted effort to hold the line by driving safe and legal limits and remaining especially alert to the dangers of holiday travel."

To emphasize these hazards, he said, "Operation Motorcade" will be placed in effect from 12:01 a.m. Saturday, August 31, through 11:59 p.m. Monday, September 2. During this period, all traffic facilities on one streets and highways of the state will be tabulated and released three times daily to the public through the cooperation of the news media.

In addition, the Department of Public Safety will do everything possible with the limited manpower to stop reckless and illegal driving on the highways, Garrison said. Officers from other DPS uniformed services will be assigned for the holiday period to Highway Patrol duty to add to the enforcement effort.

The DPS Director said Labor Day this year comes at a time when traffic tragedy for the year 1963 appears to be heading for an all-time high. He reported that more than 1,400 persons have been killed already this year for an increase of some eight per cent, adding that if the trend continues the toll will exceed the high of 2,611 persons killed in 1956.

Garrison noted that several public and private agencies are carrying on programs to supplement the safety emphasis effort for the Labor Day Holiday. The Texas Safety Association will conduct a public information stressing the need for courtesy and caution. TSA Vice-President W. F. (Bill) Leonard will co-ordinate the efforts of Junior Chamber of Commerce over the state in operating numerous "rest stops" for fatigued drivers to whom free coffee will be served. The Texas Association of Broadcasters will conduct a statewide "Drive Lighted and Live" program in which appeals will be made to motorists to drive with their headlights on dim during the daylight hours to focus attention on the need for legal and safe driving.

The Texas Highway Department will carry on a continuing information and education program instructing drivers in freeway driving and the need

**My Electric System is LOCALLY OWNED!**

"It was a question of doing without electricity or building our own system. So we built our own. We organized an electric cooperative, borrowed \$4,959,688.00 from the Rural Electrification Administration and began serving those people who had no electric service. Since 1938 we have repaid \$1,220,686.00 on the principal and \$759,598.00 in interest on the loan. We offer a dependable, efficient, economical electric service. Our member-owners spend approximately \$1,653,000.00 annually with hometown merchants to use this electricity."

# SUPERINTENDENT SETS THEME FOR COMING SCHOOL YEAR

The theme for the 1963-64 school term has been announced by Superintendent of schools, C. F. Cook, in the following statement:

"The school year of 1963-64 is about here. We think our plans and facilities are ready to begin.

"The administration and faculty are going to practice the theme "Motivation, Cooperation and Improve our Public Relations" during this year.

"The above have been chosen because we feel that not only the teachers and administration should be motivated, the important responsibility is to motivate you children to improve themselves in phases of school life and life after school days. We feel without motivation, a person can find life stale and disinteresting. If we make school work interesting and challenging, students will be more receptive and have more desire to learn. Children that are anxious to attend a teacher's class are most time ready to participate in the assignment as well as

## School Insurance Rate Increased

The Hamlin Public Schools for the past several years have offered the children of the school accident insurance. This insurance is offered to the children at a cost of \$4 per year. The cost is \$1.00 more than last year. We are very pleased with this insurance. The company paid in most cases 100%.

The administration and teachers recommend that each child be insured under this policy. If any parent needs further information in regard to the insurance, they may call on any of the school personnel.

All students participating in sports are required to have this insurance. Also students in band, pep squad and other activities that require transportation. If for any reason a parent desires not to insure their child, we will need written responsibility by them because we cannot assume all the responsibility.

The second day of school, material will be given each child in our school explaining the coverage and other information. Please read this completely and if you are interested send back envelope to your child's teacher.

No person on our school faculty receives any money for this service nor does any receive any part of the premium. This is only a service to our children from our school personnel and administrator.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Cooling showers fell Sunday night, making things perk up a little from the hot, dry weather. It only measured about four tenths of an inch, and if more doesn't fall the not sun will soon get that, but we are hoping for more.

Ten day Revival services ended last night at the church, so with every one attending church that long, that makes most of the news out our way this week.

Good crowds were on hand each night, with the usual smaller crowd in morning services. We especially welcomed the many visitors, to numerous to call by name, but extend our special thanks to the Stanley Jackson family, members of Nelinda Baptist Church, for helping with the special music several times, also our good Methodist friend, Minnie Lee Bond, for her song Friday night.

Preaching for the revival was done by the pastor, Rev. Kenneth Leverett. Jack Wright, song leader, Linda Goodwin at the piano, until Friday night, when the pastor's wife played for the remainder of the revival.

Friday night after services ice cream and cake were served, out on the lawn, east of the church house. Several visitors stayed with us and we had all the ice cream we could eat, besides enjoying a good fellowship hour.

Last week was rather a hectic week for this reporter, having sweated out two appendectomies in the Hamlin Hospital Tuesday morning at 5 a.m. a grandson, Larry McCoy was carried to the operating room, then Friday afternoon at 5 a niece, Linda Goodwin, went to the same place. Both are reported to be doing fine, but personally we hope not any more of the family develops appendicitis real soon.

Mr. and Mrs. E. A. Henry left Saturday morning on a ten day vacation, going to Elgin first to visit a son, Mr. and Mrs. W. C. Henry and daughter, then will go to Houston to visit another son, Mr. and Mrs. Jimmy Henry and family. The son in Houston has rather seriously ill recently, but is on the mend.

The families of the late Jim and Victor Goodwins, met in Anson, Saturday and Sunday, for their annual reunion. A good crowd was reported with all having a good time.

Bob Zeigler, nephew of Woodrow Goodwin, spent Saturday night with him while the wife and daughter were at the hospital. Bob will be remembered as the little boy that stayed with the Goodwins so much when he was growing up.

Rev. and Mrs. J. E. Bagley, of Abilene, grandmother of Mrs. Leverett, were in services Sunday morning. They visited Sunday afternoon with the Leveretts also guests over the weekend were her mother and brother, Mrs. Mary Ellen Tanner and Larry, from Abilene.

The pastor and family are on a vacation this week in Odessa, visiting with members of his family.

Aug. 31 Deadline  
For Federal Crop  
Insurance Program

County Agent, Kirby Clayton, reminds local farmers that new applications for Federal Crop Insurance must be filed by August 31 in order to protect their 1964 wheat crops from hazards beyond their control. Complete information and application forms can be obtained at the FCI area office, Clayton said. Either at 1219 13th Street, Lubbock; or Wilbarger County Courthouse, Vernon; or 106 East Lamar, McKinney.

The Federal Crop Insurance Corporation, now observing its 25th anniversary, is an agency of the USDA. Its activities in Texas are directed by Ben A. Jordan, Jr., of College Station.

The Corporation was organized by the Congress to provide an all-risk protection on such crops as wheat and cotton against all weather conditions beyond control of the farmer.

FCI presently operates in 45 Texas counties. Insurance on cotton was available this year in 39 counties, on grain sorghum in 27 counties, and on wheat in 13. Nearly 12,000 Texans carry more than \$30 million in FCI protection.

Commenting on the voluntary, self-help program of FCI, the state director said, "As production costs go up, it is increasingly important to protect their investment. Federal Crop Insurance is an effective, tested method of cushioning the terrible impact of crop disaster." FCI presently operates in nearly 1,100 counties, representing most major crop producing areas of the nation, Director Jordan revealed.

Three new eligible crops will be added to the list in 1964, and protection will be extended to additional 100 counties, he added.

## 44 Boys Report for Football Training Camp

The Hamlin High School coaching staff, headed by D. C. Andrews, reported to the Hamlin Lions Club Tuesday at their noon luncheon on the Pied Piper team's personnel and prospects for the coming football season.

The team started workouts Monday with the opening of fall camp and are holding twice a day sessions from now until the opening of school.

While Andrews reported that the coaches in the district rated Hamlin at the bottom this year he felt that with size of the material out his squad would not be a pushover for any of the teams on the schedule. He stated that the team would be somewhat larger than the squad last year which was one of the smallest teams Hamlin has had in a number of years.

Including freshmen, the Pipers have 44 boys out for full camp and the coaches expect a few more by the time school starts. Andrews said that they have only 10 boys out from the freshman class which is the lowest since he has been in Hamlin.

In giving a run-down on the

The music will be under the direction of Dennis Cooper of Waynesville, Missouri, freshman music major at Hardin-Simmons University and member of the Cowboy Band.

Rev. Peoples came to McCauley for his first services August 11. He came from Waynesville, Missouri, where he served with the State Mission Board working with Army personnel at Fort Leonard Wood, Missouri.

A graduate of Hardin-Simmons University in 1959, he attended Southwestern Baptist Theological Seminary in Fort Worth for one year. He plans to resume studies there this fall and will commute from McCauley.

While attending H-SU he was music education director at First Baptist Church in Aspermont and was later youth director at Calvary Baptist Church, Abilene, while completing his college work and also while attending Seminary.

Everyone is invited to attend.

the other positions and see lots of action will be: Charles Prewitt, 195-pounder; George Bonds, 185-pounder; Pat Batchelor, 185-pounder, and Butch Holland, 180-pounder who is working out at center.

In seeking height and strength at the end positions, the coaches are working Mike Shivers, 170 pounder; Jeff Willis, 180-pounder; Jayland Fin-cannon; and James Ledbetter, 180-pounder; at these positions.

In the back field the biggest doubt as to starter is at quarterback where the team has a senior, junior and sophomore working out. The senior quarterback is Ronnie Sipe who weighs 160-pounds; the junior is Johnny Overman and the sophomore is Tommy Ferguson who is a six-footer and weighs 150 pounds. The coaches like Ferguson's height but would like to have an older boy at the position.

In other backfield positions the team has senior returning starter Larry Butler at right halfback who weighs 165 pounds. The other senior backfield candidate is Cleon Warner who weighs 160 pounds. Junior backs are returning starter Robert Pearce at left halfback; Rupert Compton and Allan Cumble.

The team will have only one scrimmage game this year under the new rules and this game will be either August 29 or 30. The game will be with Colorado City but it is not known yet whether it will be here or there.

Archie Cassle, program chairman, introduced Andrews, Jerry Larned, Sam Walker and Grady Allen.

### Both Hamlin Lakes Stocked with Bass And Channel Cat

Hamlin lakes have been stocked with 10,000 bass and 10,000 channel cat from the state hatchery in San Angelo.

The finger length fish were equally distributed in both the South Lake and West Lake last Wednesday.

J. C. Chable, lakekeeper, said this week that the fishing had been very good this year. Many fishermen have come from a wide area to enjoy the good catches. Good numbers of channel cat, bass, and chap-pie have been caught. He said this was the best he had seen in the 19 years he had been here.

The fish were scheduled to be delivered next month but, because of the lowered level at San Angelo, delivery was made early. The representative bringing out the stock mentioned to Chable that the lakes here were the best he had seen recently.

# Years Ago ...

## FIVE YEARS AGO:

Forty years of service in the banks of Hamlin was celebrated Monday by Lennie Greenway, vice president and cashier of the Farmers & Merchants National Bank. Spry and active, she began work August 4, 1918, at the Old First National Bank, later purchased by the F. & M. She was honored at a party by bank associates.

Additions to the elevator plant of Fred B. Moore & Son in East Hamlin that will add 550,000 bushels to the present 9,000 bushel capacity were making fast headway this week as a big crew of men and machinery were pouring concrete around the clock.

L. H. McBride, Hamlin mayor, businessman and farm operator has been selected to succeed the late Joe L. Calbertson as a member of the board of directors of the National Farm Loan Association of Haskell.

## TEN YEARS AGO:

About 300 feet of old gas main lines in the alley just west of South Central Avenue in the business section were replaced this week by a crew under direction of Jake Lawson, local Lone Star Gas Company manager. The line was originally installed in 1929.

Scattered rains in the area first of the week that measured from one-quarter to one-half inch will be of some benefit to crops. An estimated 200 to 300 acres of cotton in the Fairview and Dovie communities were ruined by accom-

## panying hail.

## FIFTEEN YEARS AGO:

Hamlin schools are scheduled to start September 6, according to Superintendent I. R. Hutchinson.

Assurance that money for the Neinda-to-Boyd's Chapel farm-to-market road will soon be available was given this week by J. S. Treadway, district highway engineer at Abilene.

Hamlin's teen-age softball team, the Mighty M's, left Tuesday morning for Houston, where they will participate in a state softball tournament.

Approaching marriage of Phyllis Jo Richardson to Larry McCoy was announced at a tea Friday afternoon in the Thomas Ferguson Home.

## TWENTY-FIVE YEARS AGO:

W. L. Cash, long time railroad man on Santa Fe, has retired from active duty. He has lived in Christoval since 1950, but now he has returned to Hamlin to make his home.

Mr. and Mrs. Ernest Davis are on their vacation in New Mexico.

Florine Morgan has returned home from a six-week visit at Fort Worth. She was accompanied by Jean Comer of Haskell, who was her guest for several days.

Mr. and Mrs. Coy Fielder and little daughter, Phyllis Ann, spent last week visiting at Lamesa and Lubbock while Coy was on his vacation from Farmers & Merchants National Bank.

Mr. and Mrs. Frank Waggoner and son, Jerry, are vaca-

tioning at Corpus Christi this week.

Little Mary Nell Cooper, daughter of Mr. and Mrs. Bill Cooper of the Cooper Ranch, is at home again after spending two months with her aunt, Mrs. George P. Droke in San Antonio.

## FORTY YEARS AGO:

Dr. L. P. McCrary writes from Bremond, Texas that he will be at home and in his office, Saturday, August 11. He has been on the road for several weeks in the interest of Central Nazarene College.

Once again the Hamlin business men or a part of them spent another pleasant hour in company with a few of the good farmers of the Hamlin country last Tuesday. The lunch was at the Morgan Hotel and the entire affair was very enjoyable. There were about sixty plates used.

Miss Fay Dean of Hamlin spent Saturday and Sunday with Miss Gladys Fannin, at Pastura.

## Federal Gas Tax Refunds Due in Before Sept. 30

Farmers and Ranchmen are reminded that claims for the Federal Gas Tax refund must be submitted before September 30, says Kirby Clayton, Jones County Agricultural Agent.

This refund is on the four cents per gallon excise tax on gasoline and diesel fuel used by operators on their farms during the period July 1, 1962 to June 30, 1963, says Clayton. He explains that this refund has no connection with the claim for refunds sent to the State Comptroller's office. The gasoline used on an operator's farm by custom contractors is also eligible for the refund, points out Clayton, but fuel used in highway travel is not.

The special postcard form, 2240, is the proper one to use to submit fuel claims, says Clayton, and they have been mailed to operators who reported in 1962. New farmers and those who have not received the Form 2240, may obtain them from the office of the county agent or the area offices of Internal revenue service.

Clayton reminds that claims are subject to audit, just as other reports submitted to the Internal Revenue Service, and records should be kept to support refund claims. The agent emphasizes that the deadline for reporting claims is September 30.

The first subway opened in Boston in 1897.

# for the Days AHEAD

Even now trees are being felled, cords of wood cut, in preparation for cold winter days which are sure to come. Woodcutters are preparing for the days ahead, to bring comfort against the cold.

To prepare for our future "cold days," periods of sadness, times of bereavement, and times when we are tempest tossed, begin now to attend church regularly and let God, His Church, and His people help you to meet any situation in life.

*"Blessed be God, even the Father of our Lord Jesus Christ, the father of mercies, and the God of all comfort; who comforteth us in all our tribulation, that we may be able to comfort them which are in any trouble, by the comfort wherewith we ourselves are comforted of God." 2 Cor. 1:3, 4.*

## SAFETY DIRECTOR ANNOUNCES 31 TO DIE OVER LABOR DAY

AUSTIN — The director of the Texas Department of Public Safety announced today an estimated 31 persons will be killed in traffic crashes in Texas as over the three-day Labor Day weekend, and called for "an all-out effort to prove the statistics are wrong."

Col. Homer Garrison Jr. pointed out that the estimate by the DPS Statistical Service is based on past experience, but added:

"There is always a chance that it can be proved too high if motorists will put forth a concerted effort to hold the line by driving safe and legal limits and remaining especially alert to the dangers of holiday travel."

To emphasize these hazards, he said, "Operation Motorcade" will be placed in effect from 12:01 a.m. Saturday, August 31, through 11:59 p.m. Monday, September 2. During this period, all traffic facilities on the state will be tabulated and released three times daily to the public through the cooperation of the news media.

In addition, the Department of Public Safety will do everything possible with the limited manpower to stop reckless and illegal driving on the highways, Garrison said. Officers from other DPS uniformed services will be assigned for the holiday period to Highway Patrol duty to add to the enforcement effort.

The DPS Director said Labor Day this year comes at a time when traffic tragedy for the year 1963 appears to be heading for an all-time high. He reported that more than 1,400 persons have been killed already this year for an increase of some eight per cent, adding that if the trend continues the toll will exceed the high of 2,611 persons killed in 1956.

Garrison noted that several public and private agencies are carrying on programs to supplement the safety emphasis effort for the Labor Day Holiday. The Texas Safety Association will conduct a public information stressing the need for courtesy and caution. TSA Vice-President W. F. (Bill) Leonard will co-ordinate the efforts of Junior Chamber of Commerce over the state in operating numerous "rest stops" for fatigued drivers to whom free coffee will be served. The Texas Association of Broadcasters will conduct a statewide "Drive Lighted and Live" program in which appeals will be made to motorists to drive with their headlights on dim during the daylight hours to focus attention on the need for legal and safe driving.

The Texas Highway Department will carry on a continuing information and education program instructing drivers in freeway driving and the need

for caution near highway construction areas.

And the Texas Council of Safety Supervisors and the Texas Motor Transportation Association will sponsor a fleet of 35 to 40 cars which will be used to assist stranded motorists over the state. This "Holiday Road Patrol" will be manned by the safety directors, safety supervisors and safety engineers of the trucking industry who comprise the membership of the council. Its primary purpose is to help relieve highway patrolmen for enforcement work by aiding motorists in distress.

My Electric System is LOCALLY OWNED!

"It was a question of doing without electricity or building our own system. So we built our own. We organized an electric cooperative, borrowed \$4,959,688.00 from the Rural Electrification Administration and began serving those people who had no electric service. Since 1938 we have repaid \$1,420,686.00 on the principal and \$759,598.00 in interest on the loan. We offer a dependable, efficient, economical electric service. Our member-owners spend approximately \$1,652,000.00 annually with hometown merchants to use this electricity."

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Some 700 state employees scattered throughout Texas are getting a new set of bosses. Reason is the creation of the Texas Parks and Wildlife Commission on August 23.

James M. Dellinger, Corpus Christi contractor; A. W. Moursund, Johnson City rancher-attorney; and Chairman Will Odom, Austin geologist and engineer, make up the new three-man Parks and Wildlife Commission. They replace nine commissioners on the Game and Fish Commission and six on the old Parks Board.

Many state employees, who wondered whom Gov. John Connally would select to head

the infant agency, now are worrying whether they themselves will remain on the payroll.

About 72 of the employees are in the Parks Department; some are managers of the state's 50-plus parks system. Another 625 or so are in the field of game and fish. About 100 of these are in the Austin office—the rest out in the field.

Connally says the consolidation will eliminate some duplication of services and effort.

One thing the state is sure to save on is per diems and expenses for the commissioners.

The \$25 per diem plus travel, hotel and meals allotted the three new men should come to about one-fifth the amount spent in past years on 15 commissioners.

HIGHWAY PATROLMEN NEEDED — Col. Homer Garrison Jr., head of the Department of Public Safety, is looking for 100 additional highway patrolmen.

He asks applicants, aged 31 to 35, to contact him no later than September 14. Recruits will start to school November 19. Pay is \$412 a month while in training, \$433 on graduation.

Department will endeavor to assign the men to stations within 100 miles of their present homes.

HOPE TO CUT TRAFFIC DEATHS — Col. Garrison cast a gloomy eye at his crystal ball, and predicted a possible 31 traffic deaths in Texas over the three-day Labor Day weekend. But he hopes he is wrong!

"There is always a chance that the estimate can be proved too high," Garrison said. "If motorists will put forth a concerted effort to hold the line by driving within safe and legal limits, and remaining especially alert to the added dangers of holiday travel."

DPS has enlisted the aid of the Texas Safety Association, Texas Association of Broadcasters, junior chambers of commerce, Texas Council of Safety Supervisors and the Texas Motor Transportation Association for a Labor Day "Operation Motorcade" — a concerted campaign to call attention to highway dangers.

SCHOOL LAND BOARD MEMBER NAMED — A Taylor attorney — Wilson H. Fox — has been appointed by Attorney General Waggoner Carr to take Carr's place on the School Land Board. Law specifying the change was passed at the attorney general's request. Governor Connally and Land

Commissioner Jerry Sadler will remain on the three-member board, which does a big job, and complicated, business, leasing many thousands of acres of state-owned land each year.

Fox is a former district attorney and state representative for Burnet and Williamson counties.

HAWAII CALLS — Many of Texas' state officials now are in Hawaii attending the National Legislative Conference in Honolulu.

Lt. Gov. Preston Smith of Lubbock heads the list. Others attending are House Speaker Byron Tunnell of Tyler, Rep. Ben Jarvis of Tyler, Sen. George Parkhouse of Dallas, Rep. Wayne Gibbons of Breckenridge, and Rep. Dick Slack of Pecos.

Also in the group are Bob Johnson, former representative from Dallas and now executive director of the Legislative Council, and his assistant, John T. Potter of Austin.

HIGH SCHOOL DROPOUT — The growing problem of high school dropouts will be the topic of the annual meeting of the Texas State Committee of Public Education in Austin on September 22.

President of the committee, Mrs. Helen J. Bechtel of Corpus Christi, is inviting all interested persons to attend the one-day session. No registration fee will be charged.

Governor Connally has estimated the state rate of drop-

out for the next five years at 325,000.

SHORT SNORTS — Governor Connally reappointed Dr. John Stockton of Austin, John McKee of Dallas and Hugo H. Loewenstein of Amarillo to the Committee on State and Local Tax Policy. Former secretary of state P. Frank Lake has been appointed legal counsel for the State Board of Insurance.

## SUPERINTENDENT SETS THEME FOR COMING SCHOOL YEAR

The theme for the 1963-64 school term has been announced by Superintendent of Schools, C. F. Cook, in the following statement:

"The school year of 1963-64 is about here. We think our plans and facilities are ready to begin.

"The administration and faculty are going to practice the theme 'Motivation, Cooperation and Improve our Public Relations' during this year.

"The above have been chosen because we feel that not only the teachers and administration should be motivated, the important responsibility is to motivate your children to improve themselves in phases of school life and life after school days. We feel without motivation, a person can find life stale and disinteresting. If we make school work interesting and challenging, students will be more receptive and have more desire to learn. Children that are anxious to attend a teacher's class are most time ready to participate in the assignment as well as

the learning processes. This must be the responsibility of the teacher and when this prevails in a class you can rest assured your child has a good teacher and parents.

"The entire faculty is being charged with the necessity of cooperation. This not only means with the other teachers, and students, but is very necessary to cooperate and have the cooperation of the parents.

"We hope all parents feel free to contact your child's teacher, principal of the superintendent in regard to problems that might arise, also in giving suggestions that will benefit our school and your child. This is a must if we are to have the kind of school that we will all be proud of.

"We have pledged ourselves to be private and confidential with your problems and you need not hesitate to discuss any of our problems with us."

"Good public relations is a must in all public institutions. We thing more so in our public school, because we have your children which is your most precious possession. We need your good will and certainly you should expect and demand ours.

"Please boast our schools, and when you come to the point you cannot, we should be told why, and let us eliminate the obstacles."

## School Insurance Rate Increased

The Hamlin Public Schools for the past several years have offered the children of the school accident insurance. This insurance is offered to the children at a cost of \$4 per year. The cost is \$1.00 more than last year. We are very pleased with this insurance. The company paid in most cases 100%.

The administration and teachers recommend that each child be insured under this policy. If any parent needs further information in regard to the insurance, they may call on any of the school personnel.

All students participating in sports are required to have this insurance. Also students in band, pep squad and other activities that require transportation. If for any reason a parent desires not to insure their child, we will need written responsibility by them because we cannot assume all the responsibility.

The second day of school, material will be given each child in our school explaining the coverage and other information. Please read this completely and if you are interested send back envelope to your child's teacher.

## FAIRVIEW NEWS

By MRS. ELMER JOHNSON

Cooling showers fell Sunday night, making things perk up a little from the hot, dry weather. It only measured about four tenths of an inch, and if more doesn't fall the hot sun will soon get that, but we are hoping for more.

Ten day Revival services ended last night at the church, so with every one attending church that long, that makes most of the news out our way this week.

Good crowds were on hand each night, with the usual smaller crowd in morning services. We especially welcomed the many visitors, to numerous to call by name, but extend our special thanks to the Stanley Jackson family, members of Neinda Baptist Church, for helping with the special music several times, also our good Methodist friend, Minnie Lee Bond, for her song Friday night.

Preaching for the revival was done by the pastor, Rev. Kenneth Leverett, Jack Wright, song leader, Linda Goodwin at the piano, until Friday night, when the pastor's wife played for the remainder of the revival.

Friday night after services ice cream and cake were served, out on the lawn, east of the church house. Several visitors stayed with us and we had all the ice cream we could eat, besides enjoying a good fellowship hour.

Last week was rather a hectic week for this reporter, having sweated out two appendectomies in the Hamlin Hospital Tuesday morning at 5 a.m. a grandson, Larry McCoy was carried to the operating room, then Friday afternoon at 5 a niece, Linda Goodwin, went to the same place. Both are reported to be doing fine, but personally we hope not any more of the family develops appendicitis real soon.

Mr. and Mrs. E. A. Henry left Saturday morning on a ten day vacation, going to Elgin first to visit a son, Mr. and Mrs. W. C. Henry and daughter, then will go to Houston to visit another son, Mr. and Mrs. Jimmy Henry and family. The son in Houston has rather seriously ill recently, but is on the mend.

The families of the late Jim and Victor Goodwins, met in Anson, Saturday and Sunday, for their annual reunion. A good crowd was reported with all having a good time.

Bob Zeigler, nephew of Woodrow Goodwin, spent Saturday night with him while the wife and daughter were at the hospital. Bob will be remembered as the little boy that stayed with the Goodwins so much when he was growing up.

Rev. and Mrs. J. E. Bagley, of Abilene, grandmother of Mrs. Leverett, were in services Sunday morning. They visited Sunday afternoon with the Leveretts also guests over the weekend were her mother and brother, Mrs. Mary Ellen Tanner and Larry, from Abilene.

The pastor and family are on a vacation this week in Odessa, visiting with members of his family.

Aug. 31 Deadline  
For Federal Crop  
Insurance Program

County Agent, Kirby Clayton, reminds local farmers that new applications for Federal Crop Insurance must be filed by August 31 in order to protect their 1964 wheat crops from hazards beyond their control. Complete informa-

tion and application forms can be obtained at the FCI area office, Clayton said. Either at 1219 13th Street, Lubbock; or Wilbarger County Courthouse, Vernon; or 106 East Lamar, McKinney.

The Federal Crop Insurance Corporation, now observing its 25th anniversary, is an agency of the USDA. Its activities in Texas are directed by Ben A. Jordan, Jr., of College Station.

The Corporation was organized by the Congress to provide an all-risk protection on such crops as wheat and cotton against all weather conditions beyond control of the farmer.

FCI presently operates in 45 Texas counties. Insurance on cotton was available this year in 39 counties, on grain sorghum in 27 counties, and on wheat in 13. Nearly 12,000 Texans carry more than \$30

million in FCI protection.

Commenting on the voluntary, self-help program of FCI, the state director said, "As production costs go up, it is increasingly important to protect their investment. Federal Crop Insurance is an effective, tested method of cushioning the terrible impact of crop disaster." FCI presently operates in nearly 1,100 counties, representing most major crop pro-

ducting areas of the nation, Director Jordan revealed. Three new eligible crops will be added to the list in 1964, and protection will be extended to additional 100 counties, he added.

Oberlin College in Ohio, was the first college to confer degrees on women.

The sawastika became the national flag of Germany in 1933.

Fertilizer Meet  
Sets Follow up

A follow-up meeting of the Fertilizer School that was held in Anson the later part of June and the first part of July will be held in the County Agent's office at 8:00 p.m., August 29, according to County Agent, Kirby Clayton.

This meeting is designed to be of help to wheat farmers who are contemplating the use of fertilizer this year, says Clayton.

Roy McClung, Baylor County Agent in charge of the Testing Laboratory in Seymour, will present the program.

All wheat farmers are invited to attend.
